TWO-YEAR APPLE SEEDLINGS
Owing to the over supply of Apple Seedlings last year we did not dig one block of some 500,000 seedlings, but carried them over. These matured up well and were dug late last fall. We have not offered them for sale but are using them in our own graft plant.
We will have some surplus in the No. 1, straight grade, which we offer at $15.00 per 1000. They run a little heavy but we find them fine for orchard cions.
## ONE-YEAR PEACH

Some of the items below have been sold but we still have a good supply in all grades.

We have a large surplus of Champions and will furnish these at 25 per cent off the quoted price.
